Tuan Nguyen

PROFESSIONAL EXPERIENCE

Front-End Web Developer | Freelance

January 2024 - PRESENT

- Designed and developed responsive web applications using HTML5, CSS3, and JavaScript, focusing on user-friendly interfaces and optimized performance.
- Implemented modern front-end frameworks such as React.js to create dynamic and interactive user experiences.
- Leveraged CSS preprocessors like Sass to maintain scalable and maintainable stylesheets across projects.
- Integrated third-party APIs to enhance functionality and data retrieval, ensuring seamless integration with backend services.
- Collaborated with clients to understand project requirements and data retrieval, ensuring seamless integration with backend services.
- Continuously updated skills and knowledge in front-end development through self-directed learning and staying abreast of industry trends.

Key Projects

Portfolio Website

- Designed and built a personal portfolio website showcasing projects, skills, and professional experience using HTML5, CSS3, JavaScript, and React.js.
- Incorporated animations and transitions to create a visually appealing and interactive user interface.
